Sorry i dont have an answer on my end but if MCQ speaks with municipalities the key thing is this is designed to supplement what they are doing not replace. We will help where it is needed and wanted.
Ok thanks, but do we know which, border crossings are covered by the order?
Its potentially everything depending on where there are issues. So if pacific hwy situation deteriorates and Surrey/BC needs help, these new tools would be available. Otherwise it doesnt impact them
An infolib should be coming soon and im trying to get more serials
Details**
OK, so we don't need to specify location in the order
Im double checking
Okay. Sorry. There probably will be
